AWARDS BACKGROUND 奖项背景

The BDO ESG Awards recognises outstanding listed companies in Hong Kong that have made a positive impact in the areas of Environmental, Social and Governance (ESG) – those that implement outstanding sustainability initiatives.

BDO, the world's fifth largest accountancy and advisory network, inaugurated the BDO ESG Awards back in 2018, becoming a pioneer in advocating companies' acceptance of their social responsibilities through the integration of sustainable practices into their business models. With 2026 marking the 7th year of the Awards, it has again sought to be both an important motivator of positive change and a symbol of excellence bestowed on companies that have excelled in the areas of ESG.

This year's Theme Awards, titled "ESG AI Excellence Awards", recognise the growing intersection between sustainability and artificial intelligence. While AI is still not widely embedded in the daily ESG work of many companies, it is increasingly recognised as a powerful tool to enhance the efficiency, accuracy, and insightfulness of sustainability efforts. Amid mounting regulatory requirements, rising investor expectations, and the complex challenges of data management, companies are actively exploring how AI can drive stronger ESG outcomes. At the same time, it is essential that organisations closely monitor the ethical and safe use of AI to ensure responsible innovation that strengthens business models and improves operational efficiency. The Theme Awards celebrate listed companies that leverage AI to advance ESG practices and reporting, while demonstrating sound AI governance and a firm commitment to ethical standards.

The Awards that will be presented this year are Best in ESG Awards, Best in Reporting Awards, ESG Report of the Year Awards, Theme Awards and Outstanding ESG Performance of H-share Companies Awards.

BDO环境、社会及管治大奖为表扬于环境、社会及管治（ESG）范畴上表现突出并有积极影响的香港上市公司而设。

全球第五大会计及咨询网络BDO自2018年起举办BDO环境、社会及管治大奖，鼓励企业将可持续发展纳入业务模式，借以承担社会责任，为可持续发展的倡导者。2026年迎来大奖成立第七届，BDO将一如既往推动企业在ESG方面的发展，而大奖亦标志着企业在ESG各个领域表现超卓的象征。

今年 BDO 环境、社会及管治主题大奖为「ESG人工智能卓越大奖」，旨在表彰可持续发展与人工智能之间的紧密联系。尽管人工智能尚未在许多企业的日常ESG工作中广泛应用，但它越来越被视为提升可持续发展工作效率、准确性和洞察力的重要工具。在监管要求日益严格、投资者期望上升及数据管理挑战加剧的环境下，企业正在探索如何利用人工智能达成更有效的ESG成果。同时，企业必须关注人工智能的使用操守和安全，以确保负责任的创新能提升商业模式和提高营运效率。本届的「主题大奖」将颁发给利用人工智能提升ESG实践和报告，同时展现有效的人工智能管治和坚守操守的上市公司。

本届大奖所颁发的奖项组别包括「ESG最佳表现大奖」、「最佳ESG报告大奖」、「ESG年度大奖」、「主题大奖」及「ESG突出表现大奖 – H股公司」奖项。

Environmental, social and governance (ESG) have been, and will continue to be, an evolutionary journey to all listed companies. Organisations need to continuously learn and improve in order to meet market and stakeholders' increasing expectations.

Entering the seventh year of the Awards, we are delighted to see Hong Kong listed companies have demonstrated proactive commitment to integrating ESG principles into their strategies, operations and corporate culture. Through innovation, transparency and responsible leadership, these organisations have not only enhanced long-term business resilience but have also contributed positively to the environment, society and the broader economy. These acts are crucial to reinforce the position of Hong Kong as a leading international financial centre.

MESSAGE FROM THE ORGANISER

**Managing Director, BDO Hong Kong
香港立信德豪董事总经理**

We are thrilled that the 7th BDO ESG Awards has again hit a new record high, receiving an overwhelming response with nominations from over 130 listed companies this year.

In recent years, ESG has been one of the key boardroom topics. Sustainable governance not just as a risk management, but as a direct value creation that influences capital access, brand reputation, and operational resilience. The growing ESG disclosure will be conducive to promoting enterprise's long-term development as well as meeting Hong Kong's carbon neutrality commitment, and helping in transforming Hong Kong into a premier green finance hub in Asia.

As an advocate for sustainable development, BDO is always committed to promoting high-quality disclosures and ESG development in Hong Kong. My heartiest congratulations to the award winners and great appreciation to all the contestants who have participated in BDO ESG Awards 2026.

我们感到相当鼓舞，BDO环境、社会及管治大奖再度创下七届以来的新纪录，本届提名反应踊跃，破纪录收到超过130家上市公司参选提名。

近年来，环境、社会及管治（ESG）已成为董事会关注的焦点议题之一。可持续管治不仅是风险管理，更是直接为企业创造价值，影响着资本获取、品牌声誉和运营韧性。更透明的ESG信息披露将有助于促进企业的长远发展，协助香港履行碳中和承诺，并推动香港转型成为亚洲首屈一指的绿色金融中心。

作为可持续发展的倡导者，BDO一直致力于推动香港高质素的信息披露和ESG发展。我衷心祝贺BDO环境、社会及管治大奖2026的所有得奖公司，并对参与是次大奖的参赛公司致以衷心感谢。

MESSAGE FROM CHAIRMAN OF JUDGING PANEL - BEST IN ESG AWARDS 评审团主席献辞 - ESG最佳表现大奖

Dr William Yu
余远骋博士

Founder and Chief Executive Officer, World Green Organisation
世界绿色组织创办人兼行政总裁

Having served as Chairman of the judging panel for the BDO ESG Award stream for several years, I have had the privilege of witnessing its significant impact. The award has proven to be a transformative force, accelerating the advancement of corporate ESG knowledge and performance far beyond simple recognition. This momentum is crucial as the regulatory landscape undergoes profound changes.

Nowhere is this more evident than in the new requirements for climate risk disclosure, which compel companies to evaluate their climate-related vulnerabilities - a new and complex task for many. This is not merely a compliance exercise; it is a fundamental shift towards integrating resilience measures into corporate risk management. Tackling this complexity is precisely where technology like Artificial Intelligence is becoming indispensable. AI enables companies to analyze vast datasets to gain more accurate insights and develop the sophisticated planning needed to navigate these risks, ultimately providing investors with the transparent, decision-useful data essential for capital protection.

On this note, I extend my sincere congratulations to this year's winning companies for their outstanding achievements and commend BDO for spearheading this meaningful and impactful initiative.

作为BDO ESG奖项评审团主席多年，我有幸亲眼见证了其深远影响。这一奖项已证明是一股变革性力量，远超简单的荣誉认可，有力推动了企业ESG知识与绩效的全面提升。在监管环境正经历深刻变革之际，这一势头尤为关键。

这一点在气候风险披露的新要求上体现得最为明显。这些要求促使企业评估其与气候相关的脆弱性——对许多企业而言，这是一项全新且复杂的任务。这不仅仅是一项合规工作，更是将韧性措施纳入企业风险管理的根本性转变。而应对这一复杂性，正是人工智能等技术变得不可或缺的原因所在。人工智能使企业能够分析海量数据，获取更为精准的洞见，并制定应对这些风险所需的精密规划，最终为投资者提供透明、有助于决策的关键数据，切实保障资本安全。

在此，我衷心祝贺今年所有获奖企业取得的卓越成就，并对BDO引领这一富有意义且影响深远的项目表示高度赞扬。
